Hey Hey Member,

Happy New Year !

Thank you all for another entertaining year of model aircraft fun. I continue to be thrilled and amazed at what our members do with our hobby despite the economy and all of the pressures of day to day life. The Hobby Town in Easton is starting to get some stuff back on the shelves, and I am doing my part to help empty them again. When you get a chance, go have a look.

New Year's day was quite busy at the field, the weather was fabulous. Thanks to Bob Boyer and Ed Stewart, members were treated to chile dogs. Nice touch!

George Fox managed to launch his electric airplane while other members attempted to start engines - So George is officially the first to fly in 2011.

Member renewals are now due -- use the link below to access a renewal form, or go the members only page on the website and download the form. Print it, and fill it out please and send it in with your 2011 dues, bring it to a meeting or give it to an officer at the field. Don't forget to renew your AMA membership. Lee is required to submit a complete list of members with the club renewal. I'll also try to bring some blank forms to the field.

New members have a different payment structure, so please direct your friends to our website for that New Member Application form.

Control line guys prepare to make snow angles

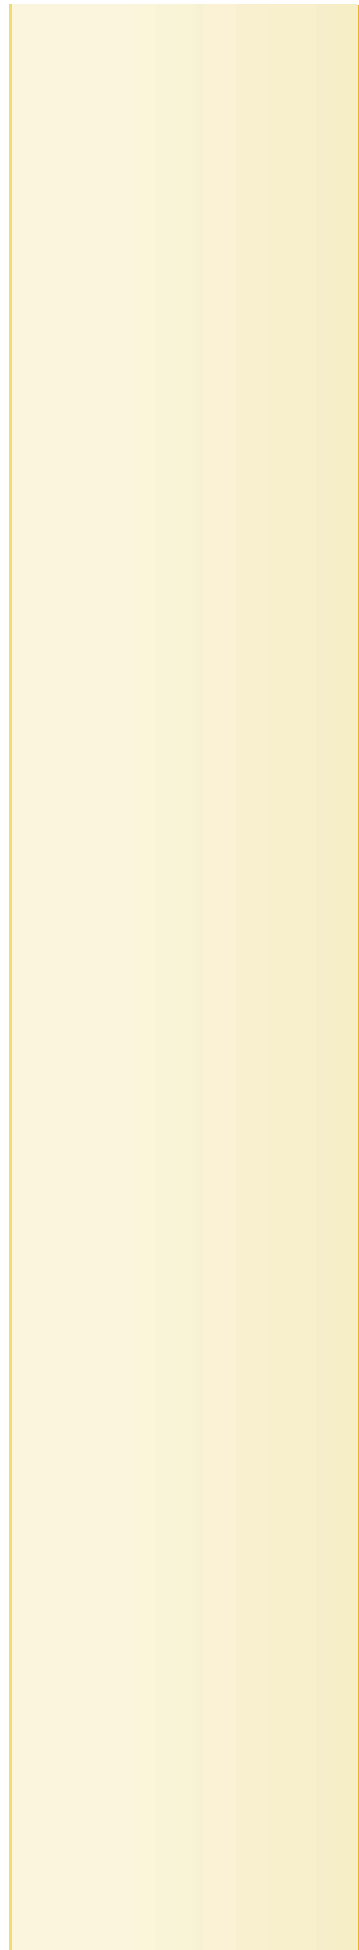

Lots of toys at the field

Chile dogs

turbine snow blower

Bob's hot dog

A meeting was called to order . . .

December 8- 7pm -- at the train station.

The Treasurer reported balances of \$606 in checking and \$2023.30 in savings. Several members paid dues for 2011 and Jack Rosemere promised to have new member cards done by June.

Several show and tell aircraft showed up and members were inspired to get going with those winter projects. As usual, there was more food than could be consumed, but members did give it their best effort. Thanks to everyone who showed up. The 2011 ESAC slideshow disks were distributed to those in attendance - there are some additional copies, let Jack know if you would like one.

Members discussed recent efforts at Hobby Town to get restocked with model airplane supplies and equipment.

Some rc videos were enjoyed thanks to Jack Rosemere. Merry Christmas's were free distributed and members were dismissed at 9:05pm.

About Eastern Shore Aeromodelers Club

We are an AMA chartered club, with membership open to those with an interest in things that fly. Check out our website, come to the field and watch us play with our toys, and join us if you like what you see.
